

**BE A SCRIBE®**

**PHYSASSIST®**  
SCRIBES

*A guide for faculty & advisors.*

# FAST TRACK TO SUCCESS!

## *The Job*

Scribes work alongside doctors in emergency rooms documenting patient encounters in real-time directly in the electronic medical record.

## *The Training*

We prepare scribes for the fast-paced ED environment with rigorous training in anatomy, medical terminology, SOAP note construction, and more.

## *The Experience*

Scribing is better than shadowing. Scribes are interacting with medical staff day-in and day-out, preparing for a future in medicine.

## THE JOURNEY *of a* PHYSASSIST SCRIBE

**NEARLY 50% of OUR SCRIBES MOVE  
ONTO PA or MED SCHOOL!**

## *Why PhysAssist Scribes?*

Put your students on the fast track to a career in health care as a medical scribe. With PhysAssist Scribes, they will work alongside some of the best doctors in the industry. Gaining real-life clinical experience in a hospital setting. We value the importance of their education both in school and on the job, so we try to support them in finding the right work-life balance. As a scribe, your students will land exponentially ahead of the traditional medical school or physician assistant applicant.

### **Benefits include:**

- Paid full-time or part-time positions
- Flexible schedules that work around school
- Free training online and in the hospital
- Health benefits
- Growth & leadership opportunities
- Mentorship & meaningful letters of recommendation

# About PhysAssist Scribes

For over 20 years, PhysAssist Scribes has set the standard for the medical scribe industry. Our approach is personal and our method is proven. We recruit, train and place young highly motivated individuals with a passion for health care in more than 300 facilities in 36 states across the country.

Consider advising your students to become a medical scribe while in school or during their gap year. We help our scribes grow with us as Trainers or Chief Scribes, leading their own teams at a hospital. In fact, Chiefs are offered unique opportunities, including an invitation to our bi-annual Leadership Conference, held near our home office in Fort Worth, TX. Additionally, scribes can even travel to help us implement new facilities nationwide. No matter their role with us, our scribes are on a stronger path to prepare for a career in medicine.

Encourage your students to apply today
