### **Chalk & Wire Student Guide #3: Review Resources & Rubrics**

One of the benefits of your ePortfolio is that you can easily access resources for particular key assignments, along with the rubrics that will be used in assessing those assignments. Reviewing the resources and rubrics may make completing the assignment easier and will give you a better idea of what you need to do to be successful.

#### **Process:**

1. Once you have logged in through the Chalk & Wire login page accessed from the ePortfolio Quick Link in [MyHeritage](#), click on the **Menu Icon** at upper left, then select **Work** and then select **My Coursework**. Select the appropriate portfolio from your list of portfolios (e.g. Ed Rousculp's Teacher Candidate Folio). You may click anywhere along the line and then select the pop-up option **Edit Portfolio**.
2. To access the rubrics for all assignments listed in the **Table of Contents**, click on the button that says, "**How Will I be Assessed?**" After, find the course and assignment you want and click on the title of the assignment, then click **View** in the box that opens just below the assignment title. You will then be able to view the rubric. You may also choose to save the rubric as a PDF file by clicking on the appropriate button.
3. You will see the **Table of Contents** for your ePortfolio listed in the column at the left. Click on the desired assignment under the appropriate course heading. Any instructions or resources will be visible in the portfolio window, if there are any, by clicking the arrow at the front of the bar that says **Instructions and Resources**.
