

HERITAGE UNIVERSITY'S  
EDUCATIONAL LEADERSHIP PROGRAM PRESENTS

# NEUROSCIENCE OF LEARNING

Virtual Seminar (6 Clock Hours)

**Neural Education**  
Institute for Connecting Neuroscience with Teaching and Learning

Connect brain and learning sciences to virtual teaching and learning experiences that support academic, social and emotional learning for ALL students.

Heritage University's Educational Leadership Program is hosting Seattle-based Neural Education for a two day virtual workshop, where you will gain insight into the science behind how students learn and be given practical and proven skills to engage students in virtual and in-person settings. You will collaborate and learn with fellow educators via synchronous and asynchronous methods.

## REGISTRATION IS JUST \$25!

For more info and to register, visit [heritage.edu/neuraleducation](https://heritage.edu/neuraleducation)

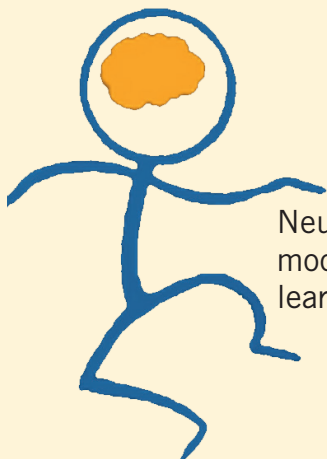

Hurry, space is limited.

### Friday, October 2 4:00 p.m. - 7:00 p.m.

The impact of stress on learning: understanding stress and its effects on the brain that limit engagement

### Saturday, October 3 9:00 a.m. - 12:00 p.m.

Cultivate classroom connections: understanding and leveraging positive brain chemicals that create safety, build relationships and drive motivation

Neural Education is committed to modeling best practices in online learning in all of our workshops.
