

STEM EAGLES SCHOLARSHIP

Through the EAGLES Scholarship, you can earn your degree in one of Heritage's STEM (science, technology, engineering or mathematics) majors—Biology, Environmental Science/ Studies, Pre-Engineering, Computer Science and Mathematics— with no out of pocket cost for tuition. Approximately 20 scholarships will be awarded in 2022-23. These scholarships are renewable each semester through Fall 2024 while you work towards your bachelor's degree.

APPLICATION DEADLINES

PRIORITY DEADLINE

Sunday, January 30, 2022

Late applications considered on a rolling basis as funds allow.

**HERITAGE.EDU/
SCHOLARSHIPS**

**Total maximum scholarship award is determined by a calculation of maximum need as calculated by the US Department of Education.*

You can turn your passion for protecting the environment into a rewarding career. The EAGLES Scholarship is a need- and merit-based award that, when combined with federal and state grants, covers the entire cost of attendance at Heritage.*

In addition to the financial award, EAGLES scholars receive mentorship from faculty and members of the scientific community as well as opportunities to participate in special environmental pollution research, and paid internships.

ELIGIBILITY:

The EAGLES Scholarship is open to students who meet the following criteria:

- Have a 3.0 GPA (GPAs of 2.75-2.99 may be considered under certain circumstances)
- Demonstrated financial need
- Committed to majoring in one of the STEM studies areas
- Interested in research experiences within your major that support environmental sustainability
- Priority will be given to transfer students and rising sophomores (i.e., Running Start or previous college work)

Funded through a grant from the
National Science Foundation.
