

STEM EAGLES SCHOLARSHIP

Through the EAGLES Scholarship, you can earn your degree in one of Heritage's non-medical STEM (science, technology, engineering or mathematics) majors— Biology, Environmental Science/Studies, Pre-Engineering, Computer Science or Mathematics— with no out of pocket cost for tuition. Ten EAGLES Scholarships will be awarded in fall 2023. These scholarships are renewable each semester through spring 2025, for a total of two years, while you work towards your bachelor's degree.

APPLICATION DEADLINE

Friday, March 31, 2023

Applications received after this date will be considered if funds remain available.

**HERITAGE.EDU/
SCHOLARSHIPS**

**Total maximum scholarship award is determined by a calculation of maximum need as calculated by the U.S. Department of Education.*

You can turn your passion for protecting the environment into a rewarding career. The EAGLES Scholarship is a need- and merit-based award that, when combined with federal and state grants, covers the entire cost of attendance at Heritage.*

In addition to the financial award, EAGLES scholars receive mentorship from faculty and members of the scientific community as well as opportunities to participate in environmental research, and paid internships.

ELIGIBILITY:

The EAGLES Scholarship is open to students who meet the following criteria:

- Have a 3.0 GPA (GPAs of 2.75-2.99 may be considered under certain circumstances.)
- Demonstrated financial need
- U.S. Citizen or permanent resident
- Committed to majoring in one of the eligible STEM fields.
- Interested in research experiences within your major that support environmental sustainability
- Priority will be given to transfer students and rising sophomores (running start or previous college work). Freshman may still apply.

Funded through a grant from the
National Science Foundation.
