SALARY: \$63,199

Position Summary:

The McNair Program Coordinator is responsible for successful execution of DOE funded Ronald E. McNair Post-Baccalaureate Achievement Program at Heritage University. The coordinator work closely with a director of McNair program. The responsibility includes but not limited to; 1) coordinate and conduct all McNair related activities, 2) provide necessary support and mentoring for McNair scholars, 3) teach McNair mandate courses 4) assist maintaining various laboratory instruments used by McNair scholars, 5) teach undergraduate STEM courses, when necessary, 6) accompany McNair scholars on graduate school visits. The coordinator also facilitates meaningful learning of course and program outcomes through student-centered instruction aligned to needs of the graduate program admissions. S/He encourages a culture of learning that values mutual responsibility and respect, life-long learning, and professional ethics.

Duties and Responsibilities:

1. Represents Heritage University in the most positive manner with prospective, former, and current students, clients, suppliers, and the community we serve. Interacts effectively with a diverse group of faculty, staff, students, YCACH partners, and other community members. Learns and adheres to the operating practices and policies of the Center and Heritage University.
2. Upholds the Heritage University Mission Statement.
3. Handles confidential information with tact, discretion and in compliance with FERPA regulations.
4. Monitor the quality of the scholars' research projects and provide guidance as needed.
5. Schedule and conduct program activities including but not limited to various campus visits, conference attendance, inviting the guest speakers, etc.
6. Teach McNair courses: MCN 303.0 GRE Prep, MCN 303.1 Research Methods, and MCN 303.2 Graduation Prep as well as mentor and address Scholars' academic deficiencies.
7. Collaborate with the Leadership Alliance, Mellon, SSS, NSF-REU, NSF-HSI CREST, and CAMP staff to inform scholars about research and other opportunities.
8. Assist the McNair Program Director in assessing the Program's effectiveness and in completing the Annual Performance Report (APR) as directed.
9. Collaborate with the financial aid and career services offices, and regional major research universities to provide McNair scholars with assistance in applying to graduate school.
10. Ability to teach some science courses such as biology, biochemistry, general chemistry, ecology, environmental sciences, GIS as needed. Preferred background: biochemistry and/or biogeochemistry.
11. Assist with maintaining various laboratory equipment in good working condition including GC, AA, and Discrete Analyzer which might be used by McNair Scholars.
12. Hold office hours in Toppenish campus.
13. Write grants to support the program development.
14. Serve on collaborative work teams with faculty, staff, and administration to enhance campus and regional program development.
15. Use Student Access-McNair software to record and document meetings with McNair Scholars, update the Program database, and check inventory items in and out to Scholars.
16. Performs other functions as assigned.

Revision Date:01.23.23
