Schedule for Finalists' Visits

Please note, the HU Board encourages you to extend HU's hospitality to each visitor and invites you to interact with them. We hope you can attend the session that best matches your primary campus role, but all sessions are open to all members of the campus community. Your assessment of the candidate's understanding of HU's mission, culture, and potential matters. You will have an opportunity to respond to a poll following each visit.

Thank you for your engagement in this important work for Heritage University's future.
